Battery powered steel strap sealer

The DAZ is the new, innovative battery powered sealer for 32 mm steel strapping designed for double notch closure.

In combination with the AR32 (battery powered steel strap tensioner), any package with 32 mm steel strap can be sealed in any working environment, without any restrictions by hoses or any air pipes. The battery powered sealer DAZ can be used with the following TITAN tools:

AR32 (battery powered), PR33 (pneumatic).

For optimal strapping in any application, even in heavy industry such as strapping of coil and wire rod.

The powerful, fast and robust DAZ is durable and low maintenance is required. AR32 and DAZ are equipped with an 18V - 4Ah battery, guaranteeing a high number of strappings.

Technical Data

Kind of drive (sealing)	Electric
Seal (Type)	RSK 32
Power supply system	Li-Ion 18 V - 5 Ah
Dimensions	350 x 100 x 260 mm
Weight	4.5 kg 9.9 lb

Strap/Joint

Type of strap	Steel strap
Strap	Automatenband MEGABAND®
Strap width	32 mm
Strap thickness	0.60 - 1.10 mm (Automatenband) 0.60 - 0.90 mm (MEGABAND®)
Kind of seal	Seal-joint (double notch)

Application

Strapping of round and flat packages (e.g. sectional steel, bundles, pipes, coils, etc.) for stationary and mobile use.
